

## **Living Hope Church Mission Scholarship Application**

In an ongoing effort to support members in the call to missions, the Living Hope Church Missions committee endeavors to create an ongoing mission scholarship fund.

Applicants are encouraged to apply for the scholarship as soon as possible when a mission trip is planned. They will need to know the dates and projected costs as well as all other sources of funding anticipated.

Applicants are encouraged to participate in other fund raising efforts and may contact the Missions Committee to help support them in these endeavors (i.e., fund raisers, family and friends pledges, car wash, etc.)

Scholarships will be awarded based on available funds at the time of application. Applications should be submitted by the appropriate deadline so the committee has time to review them and authorize grants by the time they are needed. The Scholarship Committee will award grants until the funds are exhausted. To maximize the number who can benefit from the program, applicants are asked to request funds only every other year.

Applicants must apply at least 3 months prior to your final deadline for funds needed.

After applications have been accepted by the Missions committee, the Applicant will be asked to attend a Missions Meeting and present their project before the Committee and answer questions prior to scholarship grant.

Either before or following the project applicants will be requested to present to the congregation a report of their experience in the mission field and what God has taught them through this experience.

If scholarship money is awarded/raised by the committee and the trip is cancelled, all monies must be refunded if at all possible.

May the Lord supply all your needs in Christ Jesus, so that you can join us in "declaring God's glory to the nations!"
